Sunscreen Permission Form

We strongly recommend that children bring or keep a hat or visor at school for outdoor use and that they use sunscreen. If you plan to use sunscreen on your child, please apply it before coming to school. We will keep a supply that you can use if you have forgotten. During the summer months, sunscreen will be applied before going outdoors or when it has washed off. Please do not store your own sunscreen here at school.

I give Boulder Montessori permission to administer sunscreen to my child. I understand that they will use a sunscreen provided by the school. This permission is effective from August 21, 2015 through August 15, 2016.
